

## Shariah and Quality Audit Confirmation

I conduct monthly Shariah and Quality audits for National Zakat Foundation (NZF) UK.

I undertake this in my capacity as Chief Shariah Officer for National Zakat Foundation Worldwide.

NZF fulfils an important role in serving a pillar of Islam in the United Kingdom by connecting Zakat givers and Zakat recipients.

I undertake fair and unbiased Shariah and quality audits of NZF's Zakat-distribution procedures and practices. My focus has been on three areas.

- First, that NZF's published Zakat policy is sound and in accordance with Islamic Sacred Law.
- Secondly, that NZF's procedures and practices comply with NZF's published Zakat policy and are in accordance with Islamic Sacred Law.
- Thirdly, that NZF's procedures and practices are undertaken with a good level of quality.

I confirm:

- I am satisfied NZF's published Zakat policy is sound and in accordance with Islamic Sacred Law.
- I am satisfied that NZF's Zakat procedures and practices are sound and in accordance with Islamic Sacred Law.
- I confirm I am satisfied that there is a strong commitment in the organisation to continually improve in the quality of its processes.

I pray Allah accepts our service in His Cause in ensuring that Zakat is distributed according to the Sunna of our beloved Prophet ﷺ.
