How Your Zakat Helped Amina Feed Her Children

Amina, a single mother of four, relied on free school meals to get by during term time. But when the summer holidays began, feeding her children three meals a day became impossible. Despite skipping meals and cutting back on essentials, the worry and stress became overwhelming.

Through local Zakat support, Amina was able to buy food and essentials, giving her children a summer free from hunger. **"For the first time in months, I could breathe. Your Zakat didn't just feed my children, it gave me strength, dignity, and peace of mind."**

Amina's story is a reminder that poverty exists within our own communities and that Zakat is a powerful tool for helping those who suffer in silence. By giving Zakat locally, you're not only helping people like Amina out of hardship, you're reviving the prophetic tradition of distributing Zakat where you live and strengthening the bonds of care within the community.

Give Your Zakat with Confidence Through NZF

We take the collection and distribution of Zakat seriously. With over 15 years of experience, we support Zakat givers in fulfilling their obligation with confidence, while ensuring support reaches the most vulnerable with dignity and care.

When you give through NZF, your Zakat is:

- Scholar verified** – calculated and distributed in line with scholarly guidance, with oversight from our independent Shariah panel.
- Local and dignified** – compassionate, face-to-face support provided through local Zakat hubs, with direct cash grants that preserve choice and dignity.
- Transparent** – our innovative Zakat Tracker tool shows you when and where your Zakat has been distributed, offering clear reporting and reassurance at every stage.
- Community-powered** – delivered through trusted local Zakat hubs and partners
- System-building** – contributing to a truly national Zakat system for long-term impact, with 14 Zakat Hubs already open across the country and more coming online this year.

National Zakat Foundation is the only organisation in the UK dedicated to collecting and distributing Zakat locally. Since 2011, we've supported Muslims in fulfilling their Zakat obligation with confidence through our comprehensive services for givers.

Through our community Zakat hubs, digital platforms, advocacy efforts, and volunteer network, we're building a truly national Zakat system where every Muslim can trust their community to be there for them in times of financial hardship.
