

HOST AN NZF COMMUNITY MEET

What is it?

An NZF Community Meet is a simple way to bring people together to connect, learn about Zakat, and support the work of the National Zakat Foundation.

How it works:

Choose a time, place, and activity, and invite your community to come together. Create a short moment to learn about Zakat and offer a simple way to support NZF through giving or fundraising.

What it can look like:

- Coffee or tea catch-ups
- Walks or fitness sessions
- Quiz or games nights
- Creative workshops
- Talks or discussions

Why it matters?

Positive change starts with people like you taking action. By working with NZF, you help raise awareness of the challenges facing our communities, create space for connection, and support more people in need.

MAKE A POSITIVE IMPACT IN YOUR COMMUNITY.
